

BCS Seminar on INVESTMENTS

In order to help the common man to have alternatives to counter the present day decreasing interests from traditional modes of investments, the Bombay Catholic Sabha in association with Christian Chamber of Commerce & Industry held a Seminar on INVESTMENTS on Sunday 9 July 2017 at St. Michael's auditorium, which was attended by around 200 persons from all walks of life. The resource persons from well-known Arcadia Share & Stock Brokers Pvt. Ltd. enlightened those present about wisely investing in the equity markets, the mutual funds and the insurance schemes and also the need for adapting to the changing times and shedding the conservative and comfortable mind set in order to overcome fears that limit us from taking risks. Through their many practical examples, they convinced the people that these new instruments of investing were fairly secure and if planned properly could help in generating better returns. The more elaborate explanation about Mutual Funds and using the SIP route for better wealth creation appealed to many as was evident from the many queries raised during the 45 minutes open house session. Many who attended were pleased to have spent a well invested morning.
